

**County of San Diego - Juvenile Justice Commission
2012 Inspection**

According to Welfare and Institutions Code Section 229, the Juvenile Justice Commission conducts annual inspections of the juvenile detention facilities in San Diego County. It shall report the results of such inspections together with its recommendations based thereon, in writing, to the juvenile court and to the Board of State and Community Corrections.

A. Detention Facility Information:

Facility Name: East Mesa Juvenile Detention Facility	
Facility Address: 446 Alta Road, Suite 6100 San Diego, CA 92154	Date of Inspection: November 29, 2012
	JJC Chair: Kimberly Allan
	JJC Administrative Officer: Marc Regier JJC Secretary: Kathi Hamill
	Chief of Probation: Mack Jenkins
	Presiding Judge of the Juvenile Court: Hon. Cynthia Bashant
Facility Administrator: Lisa Southwell, Director	Telephone: 619-671-4418
Detention Facility Contact: Lisa Southwell, Director	Telephone: 619-671-4418
Inspection Team: Joan Hiser / Nicole LoCoco	

B. Recommendation:

The 2012-13 Juvenile Justice Commission recommends that the County of San Diego Probation Department:

1. Continue communication with the San Diego County Office of Education (SDCOE) and continue to help the minors/students track their school credits that they accumulate as wards of the Court. The Department has been doing a great job and the JJC feels this is an important factor for the youth, since it is so difficult to keep track of and because it is necessary for the road to success. The JJC also feels that the East Mesa Juvenile Detention Facility (EMJDF) is a great example for other facilities for tracking school credits.

C. General Comments:

The JJC Inspection Team was extremely impressed with the overall organization, professionalism, security provisions, academic framework, medical facility and state of the art structure. The attitude and demeanor of the managing staff is serious, positive and motivational.

The facility functions as a conduit and intake location for several other detention facilities. The comprehensive medical facility serves a variety of inmates and needs due to its staffing, preventive care focus, special needs, psychiatric and dental focus. The facility is somewhat unique in its 24-hour access.

Many inmates from other facilities are allowed to make regular as well as urgent doctor appointments here. Security and transportation are well heeded.

The educational structure appears progressive, organized and motivational. Small, attractive classrooms and full-time/long-term teaching staff present a very mainstream approach to learning. There are sufficient staff to insure that appropriate class credits are transferred to community high schools, as well as a solid GED program.

East Mesa provides a hands-on apprenticeship program for qualified inmates. They offer supervised experience in the areas of horticulture, hotel/restaurant work, as well as the building industry. Their work assignments program appears to be effective in providing useful job training.

Security conditions are well thought out and managed. Rules and regulations, as well as disciplinary functions, are clearly presented. OC spray is used sparingly but is not considered controversial.

East Mesa does not track all youth in their system by program and, therefore, do not have statistics for the camp programs. East Mesa does, however, track YOU (Youthful Offender Unit) youth. In the period 7/1/10 to 11/30/12, 128 youth have completed the San Diego County Probation YOU program. The Department examined these youth after they completed the program and have terminated from probation to determine if they continue to commit crime. Probation's definition of recidivism is a conviction for a new crime (felony or misdemeanor). Crimes committed in the juvenile and the adult systems are counted. Eighty percent (80%) (74 of 93) of the youth who have been terminated for six months have not been convicted of a new crime; 71% (49 of 69) of youth who have been terminated for 12 months have not been convicted of a new crime; and 63% of the youth who have been terminated for 18 months have not been convicted of a new crime.

There were 14 High School Diploma recipients and 28 GED recipients in the 2011-12 school year. There have been 31 youth with "senior" status and the Graduates were from within the YOU program, while the GED recipients are from YOU as well as the other units.

There are several ROP programs including Food Handler, Horticulture and Laundry. These are program expectations but Probation does not force those that do not want to participate as it creates a bigger issue. Youth in the living units volunteer to work and they do so willingly as they receive more time out of their rooms and incentives (e.g. extra food or other rewards).
